Dear Business Owner:

## ***"THE BUSINESS OF AMERICA IS BUSINESS"***

by Calvin (Silent Cal) Coolidge

It is a pleasure to invite you to join the Historical Preservation Society of Upper Township to enjoy our local history. Your membership will help to further our mission to preserve, exhibit and teach about our rich heritage in Upper Township.

Our Society showcases our community's historical development and we encourage members and the community to shop locally and support our local businesses. As a member you will have the opportunity to meet, mingle with and listen to other members and outstanding speakers during the year.

The Historical Preservation Society of Upper Township has been in existence since 1978 and we have been a vital link in the community on historical issues and we are well known throughout the area. We have been busy spreading the historical message, preserving historical buildings, and offering numerous historic programs to our citizens.

Your membership support will provide welcome assistance for all these aspects of our work.

We sincerely appreciate your help and look forward to partnering with you.

*Historical Preservation Society of Upper Township.*

**THANK YOU.**
